- Start trading with an investment as little £100 and/or up to thousands of pounds as you wish.
- Earn anything from £50 up to £1000's a week based on your level of investment.
- Learn how to trade for a living

## Welcome to Futuretrend Financial Training

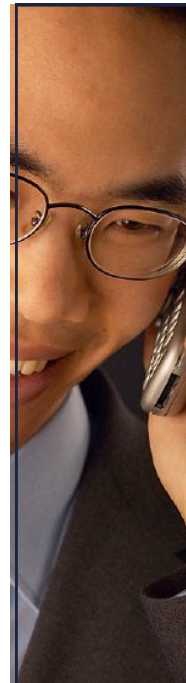

Futuretrend Financial Training provides education on trading shares and derivatives to paying customers. We do not offer advisory service. All information is provided on a general advice basis. This information is considered general in nature and does not take into account your personal financial situation, objectives and needs.

## About Us

With years of experience in IT training, complemented by a wealth of experience in Financial Services, we have the knowledge and infrastructure to service our clients with efficiency.

We are a training Academy with an exceptional track record in training and development. The Financial Services training staff of Futuretrend are highly skilled, and have a wealth of experience in coaching and mentoring.

A prerequisite for any Futuretrend trainer is that they must practise the skills they teach. It is essential that they are able to draw from real world experiences to illustrate subject matter, thereby enabling delegates to envisage how best to apply their new skills effectively. This is based on the following ethos:  
"Tell me and I'll forget. Teach me and I'll remember. Involve me and I'll learn."
